Commercial offer.

Uzbek-Korean joint venture "AVTOSANOAT-CEPLA" expresses its respect and has the honor to offer you a wide range of polymer compounds.

JV «AVTOSANOAT-CEPLA» is the first and only industrial enterprise in Uzbekistan and Central Asia engaged in the production of composite materials based on polypropylene, polyethylene, acrylonitrile butadiene styrene, polyamide and other plastic materials.

Our company is one of the company's nominated suppliers JSC «GM Uzbekistan» and partner of a number of companies for the production of automotive components, home appliances, and electronics and building materials. Products are manufactured on modern equipment using advanced technology, from high-quality raw materials supplied by the world's largest producers.

JV «AVTOSANOAT-CEPLA» has a modern laboratory equipment of leading world manufacturers, equipped with modern technology and the latest means of measurement that allows testing at an advanced technical level with a high degree of automation of processes of testing and evaluation.

We are ready to carry out the implementation of all types of composite materials, as well as to ensure the production of all technical parameters on the highest level.

The objective of our company - is the most effective and long-term cooperation with companies in the plans that there is a question of acquisition of quality products.

JV «AVTOSANOAT-CEPLA» offers its products for the development of a long-term fruitful cooperation:

- Composite materials based on polypropylene.
- Composite materials based on polyethylene.
- Composite materials based on acrylonitrile butadiene styrene.
- Composite materials based on nylon and other plastics materials with different fillers and additives.
- Masterbatches - colorants for plastics.

- Delivery - within 10 (ten) calendar days after receipt of 100% payment to the account of the seller;

- Payment terms - within 5 (five) calendar days from the date of signing the contract;
- Terms of delivery - CIP.

With sincere respect and hope for long-term and mutually beneficial cooperation.
